KENTUCKY YOUTH SOCCER ASSOCIATION AND BLUE STAR SPORTS ANNOUNCE TECHNOLOGY PARTNERSHIP

Leading Sports Technology Provider Named as a Technology Partner to the Benefit of Kentucky Youth Soccer Member Leagues and Clubs

Lexington, KY – Kentucky Youth Soccer Association announced a long-term technology partnership beginning with the 2018-2019 seasonal year with Blue Star Sports, the largest and fastest-growing global provider of sports technology, leveraging the U.S. Soccer Connect platform to benefit Kentucky’s member leagues and clubs. By leveraging U.S. Soccer Connect, a data and technology solution for leading associations that streamlines and improves connectivity and communication with its membership, Kentucky is on the cutting edge of new technology-driven engagement with its membership.

Through integrated web and mobile platforms developed by Blue Star Sports, Kentucky Youth Soccer Association will provide its members with a significantly simplified player registration process and adherence to the required standards for FIFA Connect and the International Clearance Certificate (ITC) process. The system will also provide members with a seamless integration with platforms such as U.S. Soccer’s National Data Center and Digital Coaching Center. The partnership will begin with Blue Star Sports providing a comprehensive and unmatched suite of products serving the Kentucky Youth Soccer Association community including dynamic websites, streamlined online registration and payments, event, team and roster management, scheduling, communications, video analysis and back office management. *As part of the partnership with Kentucky, these products will be free or at a significantly reduced rate to its member leagues and clubs.*

“Our goal at Blue Star Sports is to revolutionize youth sports and build technology solutions that were never thought possible just a few years ago in partnership with leading youth sports organizations,” said Matt Moran, Executive Vice President of Blue Star Sports. “The alliance with Kentucky Youth Soccer Association to provide U.S. Soccer Connect to its membership is a dynamic example of what can happen when two leaders come together to change the game.”

“Kentucky Youth Soccer Association is pleased to partner with a technology company that has the vision and capacity to help us grow the game,” said Kris Zander, Executive Director of Kentucky Youth Soccer Association. “An important feature is that this partnership helps us align our technology interests with the U.S. Soccer Federation technology for a more seamless process from the time a player registers, to when data is delivered to the national governing body for our sport. In addition, with the suite of products available to our member leagues and clubs, Blue Star has been able to address our need on providing incredible value to our membership as we head into 2018 and beyond.”
