Coach Education Lesson Plan**

Subject = Offensive Short Corner One

Coach = Adrian Parrish

**Description**

- \* Center Forward starts on the penalty spot, checks away and checks back sharply to receive a short pass
- \* At the same time the Left Back comes charging in yelling for the ball to be played short to him/her
- \* As the Center Forward receives the short pass they turn their body to the side so that they are now facing the Left Back
- \* Right Mid, checks out and then checks back towards the line, as they do this the Center Forward can back heel it into their path
- \* The Right Mid now dribbles along the touch line, looking for runs to be made
- \* The other Center Forward pulls off the GK looking for a pull back
- \* The Left Back now checks their run to the near post
- \* The group including the two Center Backs and the Left midfielder now attacks the vital areas of the goal including the Center and the back Post

**Alternatives**

When the Center Forward receives the pass they can lay it back to the Left Back who then delivers a direct cross into the area. The players still make the same runs
